## For Immediate Release

### Mountain Top Designs is On the Move

**Former Home-Based Business Expands Product Lines and Opens Doors for Hiring**

**June 9, 2008, Albuquerque, NM:** Mountain Top Designs announces its relocation to a new facility at 3600 Osuna NE, in suite 315 at the Osuna Business Center. The new location features a showroom with samples of its product lines in logo apparel, awards, promotional products, and custom picture framing.

"I'm pleased to be moving into a commercial location, which is place where I can bring in employees to help me, have a showroom for my customers, and be able to expand my product offerings," said Mitch Gilbert, President. "I've already added picture framing, which is something I've always enjoyed doing, but couldn't effectively do in my home."

Since setting up the facility in April, Mountain Top Designs has hired a new Sales Associate, and has plans to add one or two more to the staff by the end of the year. The company has also added equipment for in-house production of framing, which adds to the embroidery, screen-printing, and promotional product lines already being offered.

To celebrate the new location, there are ribbon-cutting ceremonies by local chambers, with an open house June 24 and 25. Please see [www.mtdonline.net/events.php](http://www.mtdonline.net/events.php) for more details on the events.
